Program Costs:

Approximately \$ 10,000 (subject to change)

Fees associated with national and state exams cannot be determined and are over and above the program costs.

Examination and Licensure: All states require that dental hygienists be licensed. In addition to successfully graduating from an accredited dental hygiene program and passing the written Dental Hygiene National Board Examination, graduates must pass the NV State Clinical Board or Western Regional Board Examination (WREB) in order to practice dental hygiene in Nevada. The Nevada Dental Practice Act (NRS631.290) requires that candidates for licensure be of good moral character and be citizens of the US or lawfully entitled to remain and work in the US. Prospective students are advised that if they have a felony or misdemeanor convictions or have a history of substance abuse or infectious disease that this may preclude subsequent licensure as a dental hygienist in Nevada (NAC 631.050)

Program Requirements:

DH 102	Oral Biology	4
DH 103	Head & Neck Anatomy	2
DH 104	Dental Hygiene I	3
DH 105	Intro to Clinical Practice	2
DH 107	Legal & Ethical Implications in Dental Hygiene	1
DH 110	Concepts of Oral Health	2
