1. Introductions – No introductions were made.

2. Merging Construction Technology with Architecture
   a. Interior Design is coming more on board
   b. Still being discussed.
   c. Should increase numbers within the degree and have synergy
   d. Change to a 4 track program to complete
      i. Architecture
      ii. Residential Design
      iii. Landscape
      iv. Construction Management

3. Highlights of the Architectural Program Unit Review {PUR}
   a. PUR went fairly well. Good articulation of program description with College Mission, current hands on curriculum contains field experience, students are given real-world design problems/projects, strong relationship with community.
   b. Weaknesses: more thorough explanation of the agreement with WCSD high schools, CARs need to be completed, low yield program status
   c. To Do:  Marketing
      i. Rebrand the Program,
      ii. Market the educational tracks.
      iii. Carole mentioned that there is nothing on the website she could find.
      iv. Could a web class perhaps help to design a website?
         i. Lead to a short discussion on how to accomplish goals. Contact Cal Anderson to see what he might be able to do

4. Task Force to Explore
   a. Revit – 2day vs 1 week course.
      i. Discussion to bring professionals up to date.
      ii. 40 hour class. Jim said TMCC has the means to do short term intensified program.
      iii. Suggestion to do 40 hour classes over a 3 week period, introduction, intermediate, and advance. Can do one or all depending on need.
   b. Task force needs to develop a proposal for additional technology equipment and software needed for classrooms. Send Kreg email.
5. Language on the Architecture Degree Sheet – Staci Miller
   a. Take AAD 100 along with AAD 180 and 181. These are offered Fall semesters only. Discussion followed.
      i. Jim suggesting a 7week class of AAD 100 followed by 7 week class of AAD180 and 181 as co-
         requisites are too restrictive.
      ii. Use strong language to complete AAD 100 and AAD 180 and 181 in same semester

6. Internship Development/Job Shadowing – Marcie
   a. Nate, Marcie and Kreg met last semester and site agreement finalized and on the website.
   b. Greg mentioned that internships can start right out of high school

Meeting adjourned at 11:55 a.m.
