

# NURSING INFORMATION SESSIONS SCHEDULE

The purpose of the monthly nursing program information session is to inform students of any upcoming changes in the program and answer general questions. Advisement is not available at that time for individual student needs regarding program admission. Students considering applying to the nursing program at Truckee Meadows Community College should visit an academic advisor, <http://advisement.tmcc.edu>, as soon as possible to receive advisement on degree requirements, transfer credits and course sequencing for the associate in applied science degree.

## 2011- 2012 SESSIONS

### Dates

- Thursday December 8, 2011
- Tuesday, February 7, 2012
- Wednesday, March 7, 2012
