# NURSING ORIENTATION SCHEDULE

---

## Overview

Students considering applying to the nursing program at Truckee Meadows Community College should visit an academic advisor, <http://advisement.tmcc.edu>, as soon as possible to receive advisement on program requirements, deadlines and pre-requisites for the associate in applied science degree.

The purpose of the monthly nursing program orientation is to inform students of upcoming changes in the program and answer general questions. Advisement is not available at that time for individual student needs regarding program admission.
