

2010 Year-Round Nursing Program Admission Process and Application

APPLICATION PROCESS

Admission to the Year-Round program is limited and requires a degree from a regionally accredited college. Students are selected by means of a program application and the combination of HESI Admission Assessment scores and overall GPA.

PROGRAM APPLICATION PROCESS

Complete the following:

1. Submit an application for admission to TMCC.
2. Have completed or be in progress during fall, 2009 the pre-requisite courses:
 - BIOL 223, 224, 251 - minimum average GPA of 3.0 (must have been completed in the past five years)
 - MATH 120 or 126

Note: Equivalent courses from other accredited colleges are acceptable, but must be approved by TMCC. These courses must be documented through official transcripts on file with TMCC's admissions and records office.
3. Submit official transcripts of previous college education to TMCC Records Department by November 2, 2009. Completed college course work must show a minimum grade point average of 2.75.

Note: All previous college education for courses in the 100-200 level will be used in the computation of the GPA. Exceptions may be made by the Director of Nursing where there are extenuating circumstances and the academic work is five or more years old.
4. Submit the attached Nursing Program application to the Health Sciences Department by **Nov 2 at 5 p.m.**

Eligible students will be numerically ranked, according to total points. Admission will be offered to the applicants on the list with the highest scores. In the event of applicants having an equal score, a third ranking will be done using GPA in course work applying toward an Associate in Applied Science degree in Nursing will be used to rank the tied group. If the GPA does not resolve the tie, "lots" will be drawn to decide selection.

TMCC is an EEO/AA (or equal opportunity/affirmative action) institution and does not discriminate on the basis of sex, age, race, color religion, disability or national origin in the programs or activities which it operates.

Selection to the nursing program is done on a yearly basis for each program. Applicants not selected must reapply for consideration.

Accepted students must submit the following information on or before the first day of class. Instructions will be provided in the acceptance letter.

- Evidence of current major medical insurance coverage
- Evidence of a negative 2 step TB skin test/or a negative risk screening.
- Evidence of required immunization status for Hepatitis B, DT, MMR and Chicken Pox.
- Evidence of a current American Heart Association Health Care Provider CPR card.
- Evidence of required background check.
- Evidence of a negative drug screen

Application due Nov. 2, 2009 by 5 p.m.
