

## ERIK LAURITZEN GALLERY FLOOR PLAN

The ERIK LAURITZEN GALLERY is located in the Red Mountain Building at TMCC and is centrally located near Admissions and Records. The 58 ft. of wall space is illuminated by tungsten track lighting, lowered to archival museum standards for the exhibition of photographs, drawings and prints. The 33 ft. of wall space is an elegantly curved wall.

There are no outside UV light sources reaching the gallery walls.

Works should be matted but need not be framed.
