<td><strong>Outcome #2</strong> Students will demonstrate an introductory knowledge of design methodologies.</td>
<td>Skill was assessed within four projects assigned; each project had 40 points in three areas specific to the development of design methodologies.</td>
<td>Three sections of students were assigned the same four projects, with the range of grades between 79% and 86%. (see attached)</td>
<td>The scores for this assessment are above average based on the points and percentages. However, the scores decreased with each project, so this trend needs to be analyzed and corrections made within each project.</td>
