

APPLICATION FOR REDUCED COURSE LOAD

This form must be approved prior to taking a reduced course load.

International students in F-1 status are required to be enrolled full-time during the academic year, excluding the summer. *Full-time* is defined as 12 credits of coursework each semester during the academic year for undergraduate and certificate program students. Federal regulations allow for part-time enrollment in very specific and limited circumstances.

Instructions: Complete this form, attach appropriate documentation, and submit to International Student Services for approval. Once approved, you will receive a new I-20 with the Reduced Course Load authorization printed on it.

International Academic Advisor's Signature	Date (mm/dd/yyyy)

III. Medical Condition	
An F-1 student may be approved to take less than 12 credits (or no credits) due to a temporary illness or medical condition for a maximum of 12 months. The approval is only valid for one semester at a time; students must be reapproved each semester. <i>Required Documentation:</i> An official letter from a licensed medical doctor (M.D.), doctor of osteopathy (D.O.), or a licensed clinical psychologist, recommending either a reduced course load (less than 12 credits for the semester) or no enrollment (0 credits) due to a medical condition. The letter must include the semester for which the exception to full-time enrollment is requested.	
<input type="checkbox"/> I am under the care of a doctor or therapist and I am unable to enroll full-time.	
<input type="checkbox"/> I have attached a letter from an approved medical provider as specified above.	
<input type="checkbox"/> I have attached a completed medical release form, signed by my medical provider (see page 3).

Student Request to Release Medical Information to Truckee Meadows Community College	
I, _____, give permission to my doctor or medical provider to share my protected health information with Truckee Meadows Community College (TMCC) for the purpose of applying for Reduced Course Load based on medical condition, in compliance with federal regulations.	
Signature	Date (mm/dd/yyyy)

Instructions to Medical Provider
To a Licensed Medical Doctor, Doctor of Osteopathy or Licensed Clinical Psychologist: As specified in federal immigration regulation 8 CFR 214.2(f)(6)(iii)(B): "The DSO [Designated School Official for immigration] may authorize a reduced course load (or, if necessary, no course load) due to a student's temporary illness or medical condition for a period of time not to exceed an aggregate of 12 months while the student is pursuing a course of study at a particular program level. In order to authorize a reduced course load based upon a medical condition, the student must provide medical documentation from a licensed medical doctor, a doctor of osteopathy, or licensed clinical psychologist, to the DSO to substantiate the illness or medical condition. The student must provide current medical documentation and the DSO must reauthorize the drop below full-time for each new term, session, or semester." Therefore, if you are treating a TMCC student on an F-1 visa whom you have diagnosed as having a medical condition which prevents them from being able to register in a full course load, and the student has asked you to write a letter on his/her behalf requesting a Reduced Course Load (RCL) to submit to the college DSO, it is a federal government requirement that the letter included the following elements:
<ul style="list-style-type: none"><input type="checkbox"/> Written on official letterhead (not on a prescription pad)<input type="checkbox"/> The date the letter was written<input type="checkbox"/> The name of the student/patient<input type="checkbox"/> The name and detailed description of the temporary illness and how it prevents the student from enrollment in a full course load<input type="checkbox"/> Explain whether it is recommended that the student take a reduced course load or no courses at all due to their medical condition<input type="checkbox"/> If the student is pregnant and is experiencing a medical complication or condition outside of normal pregnancy or delivery, detail the medical condition and how it prevents the student from studying full-time. A normal pregnancy does not qualify for a reduced course load.<input type="checkbox"/> The specific semester (e.g. fall or spring) or start and end date for which you recommend a reduced or no course load due to their medical condition<input type="checkbox"/> An original signature<input type="checkbox"/> The address and phone number of the practice/hospital/other medical center as well as your medical license number
