

# CHROMEBOOK WIRELESS NETWORK SETTINGS

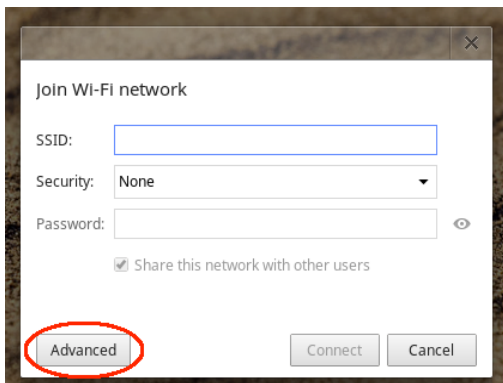

1. Click the WiFi icon (*bottom right*).

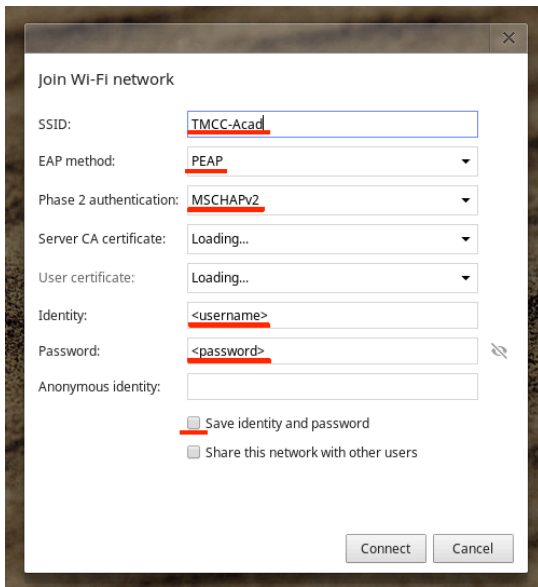

2. Click the arrow next to the current network (*may say "No Network"*).
3. Click "Join Other".

4. Click "Advanced".

5. Fill in the appropriate SSID:
  - For Students: **TMCC-Student**
  - For Faculty/Staff: **TMCC-Admin**
6. EAP method: Select "PEAP"
7. Phase 2 Authentication: Select "MSCHAPv2"

Join Wi-Fi network

SSID:

EAP method:

Phase 2 authentication:

Server CA certificate:

User certificate:

Identity:

Password:

Anonymous identity:

Save identity and password

Share this network with other users

8. Server CA Certificate: Do not check.
9. Identity: <username>
10. Password: <password>
  - It is not recommended to save identity and password.

You should now be connected to the secure TMCC wireless system; when you open your web browser, you should be able to access the internet.

For additional questions:

- TMCC students: contact IT Student Support at 775- 674-7576.
- Faculty/staff: contact IT Customer Service at 775-673-7208.
