

IPHONE WIRELESS NETWORK SETTINGS

1. Open the Settings icon on your iPhone

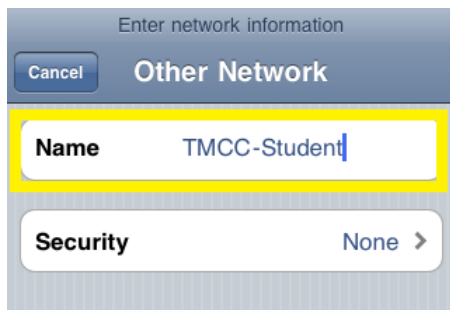

2. Go to Wi-Fi settings

3. Under "Choose a Network..." select "Other..."

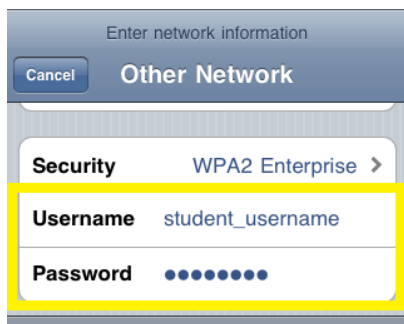

4. Enter network name as written below:
 - a. TMCC-Student (for students only)
 - b. TMCC-Admin (for faculty only)

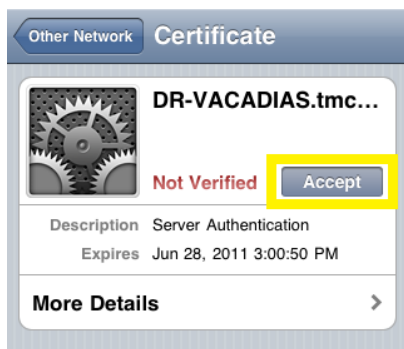

5. Choose security option WPA2 Enterprise

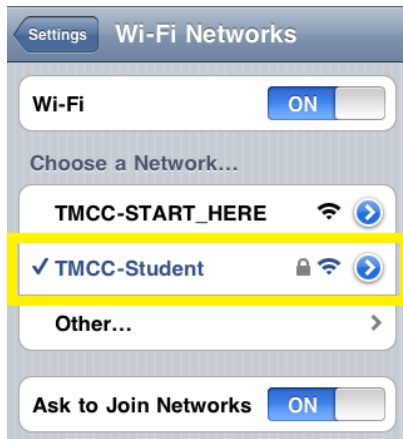

6. Enter your student Username/Password (network username/password for faculty)

7. Accept the Certificate

8. You are now joined to the Wi-Fi network

For additional questions: TMCC students contact IT Student Support at 775-674-7576; faculty/staff, please contact IT Customer Service at 775-673-7800.
