

MEETING MINUTES

August 2, 2018

Attendees: Huong, Hallie and Jordan

1. Updates

- a. We are recruiting new members to replace those who are no longer serving as committee members, such as representatives from the marketing department, SGA students and satellite campuses.
- b. There is no update whether the new resolution has passed by the President's Cabinet after it was endorsed by the Planning Council.

2. Upcoming events

- a. The Planning Council included designated smoking areas in the new resolution to reflect the majority of survey respondents' feedback. With that being said, TMCC is not ready to move forward to the "support a tobacco-free campus" phase yet. Therefore, the committee's goal this year is to focus on education and outreach events to change campus members' attitudes about smoking on campus. Below are events that the committee will participate in this academic year:
 - i. Annual Student Success Fair on September 11
 - ii. Welcome back week organized by SGA
 - iii. Great American Smoke Out
 - iv. Monthly tabling event
 - v. Kick Butts Day

3. Marketing

- a. The new tobacco cessation business cards have been updated with new tobacco cessation resources. Please contact Hallie if you need some cards to pass out to campus members.

4. Next steps

- a. Presentation to SGA students about the benefits of having a tobacco-free campus and the committee efforts.
- b. Website update to reflect new current cessation resources and tobacco facts.

5. Next meeting

- a. Thursday 9/6 from 3-4 p.m. at RDMT 121
